

RESERVED FARM NAMES

SECTION IV. CERTIFICATE CHANGES & REPLACEMENTS

A. CHANGE OF NAME

The name of a registered horse may be changed one time only during the lifetime of that horse provided that:

1. No foals have been registered from the horse in question, whether it be a mare or a stallion.
2. The horse has not been designated as a Saddlebred Record Champion.
3. If the horse's name includes a registered farm name, written permission from the owner(s) or authorized agent(s) of the farm is required to remove a registered farm name as a prefix from the horse's registered name. Otherwise the horse's name may be changed but the registered farm name will remain as a prefix as part of the name. See Section IX. Registered Farm Names.

Note: If a horse has had one or more name changes, the owner may reregister the horse by its original name, subject to above limitations.

The original Certificate of Registration must be submitted along with the name change request and correct fee. The old certificate will be cancelled and retained by the Registry and a new certificate issued. See Section III.H. for rules on naming horses.

SECTION IX. REGISTERED FARM NAMES

Exclusive use of a farm name for the purpose of using the entire farm name or an approved portion of the name as a prefix for a horse's registered name may be granted upon submitting the proper application with the required fee provided the following conditions are met:

1. Use of the farm name selected has not already been exclusively granted;
2. The name applied for is not one to be considered in the public domain, such as "American," "Beauty," etc., and
3. Payment of a \$1,000.00 fee has been made for the registration of the farm name. Note: When a farm is sold, exclusive use of its registered name does not automatically pass to the purchaser. Written release of the registered farm name must be submitted to the Registry office by the person to whom exclusive use was originally granted. Application for exclusive use of that farm name must then be made by the purchaser at the initial registration fee of \$1,000.00. Once a farm name has been registered, the Registry will recognize no other user except the registrant.

See Section IV. A. regarding limitations on changing the name of a horse with a registered farm name as a prefix.
